

PADI E-Learning

For the classroom section of the PADI Open Water Diver and PADI Scuba Diver courses there are two digital options that allow you to work at your own pace.

You can choose whether your course is completed online or offline:

ONLINE - PADI e-Learning: This option is for **desktop or laptop** devices and has to be completed whilst you are online, you cannot download the course. There are about 12 hours of content so give yourself plenty of time! If you are using a Mac the program doesn't work well with Safari, I recommend downloading Chrome to run the course. This option does not work well if you are completing the course in Bequia as our internet connections are slow and unreliable.

OFFLINE - PADI TOUCH: This option is for **TABLETS**, iPad or Android. It does not work on iPhone. The course is downloaded and then completed offline. This is the best option if you are already in Bequia as the download is relatively fast.

The cost of the PADI Open Water Diver course at Dive Bequia is U\$600.00 and includes the e-Learn or Touch course. **However, you must choose Dive Bequia as your dive shop to affiliate with to complete the course.**

Ready to dive? Here's how to sign up:

The easiest way to make sure you affiliate with Dive Bequia is to use the link on the PADI Instruction page at www.divebequia.com You will pay U\$179.00 for the course. The balance of course payable upon starting is U\$421.00 I can also email you a code to access the course but will need your name, date of birth, mailing address and payment details.

If you have purchased an e-Learn course and have **not** affiliated with Dive Bequia the remainder of the course will be U\$550.00

Remember! Payment for the e-Learning course goes directly to PADI. If you make a mistake when choosing a dive shop or change your mind about completing the course we cannot refund your payment.

Each participant must have their own e-Learn course, sharing e-learn courses is prohibited by PADI. (If you have chosen to use a paper manual for your course this too must be for your individual use and must be retained after the course)
