

## **Thank you for your interest in snorkeling with Dive Bequia!**

As my daily routine often means I am underwater I have found the best way of quickly answering the most frequently asked questions is with the template below. Please feel free to contact me with any additional questions.

Our snorkel trips are scheduled at 2.30pm and go to **Devil's Table or Moonhole**.

**Devil's Table** is less than five minutes ride away with a shallow reef between 3-10 metres/ 9-30 feet where you can see corals, sponges, reef fish, eels and occasionally octopus and turtles.

boat moors in the bay where you will be able to see the unique Moonhole arch and the houses dotted along the coastline. This is a slightly deeper reef with a multitude of reef life to see.

**Equipment is included:** mask, snorkel and fins. We don't include any snacks, lunch or drinks.

We have children's masks and fins to fit from children's shoe size 9.

We do not have adult fins larger than men's size 13.

**Snorkeling equipment is also available to rent by the day or week.**

The snorkel trip is approximately 1.5-2 hours from departure to return. The Devil's Table trip is U\$20.00 per person. Moonhole is U\$30.00 per person

During the quieter months from May until November we can schedule trips at 11.30am. Group sizes during the quieter months are usually less than five and often just your own group. Peak season group sizes may include up to ten snorkelers.

Ideally we need a day notice that you would like to join a trip. You can always call or pop into the dive shop to see if we have space available at short notice. I don't take reservations any further

than a day or two in advance. We do not have a fixed schedule of which area we will visit on any given day. Please let us know your preference when you book.

Cloudy weather does not impact snorkeling conditions, however, heavy rain may decrease the water clarity. Trips may be cancelled due to high winds and/or strong currents.

The snorkel/dive boat is manned by a boat captain who will give clear instructions on where to snorkel, what to see and safety advice.

Please be careful with any electronic devices you bring aboard. iPhones and saltwater are not a good combination! We assume no responsibility for damaged electronics.

We do not run snorkel trips to any of the other islands including the Tobago Cays, Mustique and Isle de Quatre. The time needed to travel to the other islands makes visiting these areas unfeasible as part of our daily schedule.

The Friendship Rose runs sailing trips with the opportunity to snorkel in these areas as do a number of speedboats available to charter.

The approximate charter rate for a speedboat to go to the Tobago Cays is U\$800-1000.00. Currently the Friendship Rose charges U\$170.00 per person to visit the Tobago Cays and U\$140.00 to Mustique. We have excellent quality snorkeling equipment to rent for these trips. All masks and snorkels that we provide are sanitized. We also sell Cressi-Sub mask and snorkel sets.

A quick Google search or browsing through the St Vincent and the Grenadines forum on TripAdvisor will guide you towards reputable trip operators.

I hope the information helps with your trip plans!
